The Journal of Social Sciences and Interdisciplinary Research (JSSIR) is a peer-reviewed, biannual research journal published by the Department of Humanities, NED University of Engineering and Technology. The journal intends to act as a forum to encourage discussion and research about significant issues confronting societies at both local and global levels. The scientific investigation of the social phenomena in different contexts and areas of human interaction is an attempt to create awareness about the central issues confronting societies and to suggest solutions that are based on research findings.

Associations

Pakistan Electronic Media Regulatory Authority (PEMRA)

PEMRA has been established under PEMRA Ordinance 2002 to facilitate and regulate the private electronic media. It has mandate to improve the standards of information, education, and entertainment and to enlarge the choice available to the people of Pakistan Including news, current affairs, religious knowledge, art and culture as well as science and technology.

International News Media Association (INMA)

The International News Media Association (INMA) is the world's leading provider of global best practices for news media companies looking to grow revenue, audience, and brand amid profound market change.

American Press Association

Freedom of the Press is an inherent right of all free people. The extension of that right to electronic media has been established with the revolution in computer technology and the Internet. No longer is that right granted only to print media. Smartphones have opened the door for on- location recording/reporting of events that would never be accessible in such a timely fashion by the print media photographers and journalists. Despite the availability of this technology it is highly recommended that our journalist possess high end photography equipment, for assignments.

World Association of Newspapers and News Publishers

The World Association of Newspapers and News Publishers, or WAN-IFRA, is the global organisation of the world's press. It derives its authority from its global network of 3,000 news publishing companies and technology entrepreneurs, and its legitimacy from its 80 member publisher associations representing 18,000 publications in 120 countries. Our mission is to protect the rights of journalists and publishers around the world to operate independent media. We provide our members with expertise and services to innovate and prosper in a digital world and perform their crucial role in society.

International Association for Media and Communication Research - IAMCR

The International Association for Media and Communication Research - IAMCR - is the preeminent worldwide professional organisation in the field of media and communication research. Its members promote global inclusiveness and excellence within the best traditions of critical scholarship in the field. IAMCR aims to support and develop media and communication research throughout the world. It particularly encourages the participation of emerging scholars, women and those from economically disadvantaged regions.

News Media Alliance

The News Media Alliance is a nonprofit organization headquartered in Washington, D.C. The organization was founded in 1992 through a merger of seven associations serving the newspaper industry and was originally known as the Newspaper Association of America (NAA). Our work focuses on the key challenges and opportunities of today's news environment: Freedom of the press, public policy and legal matters, advertising growth, new revenue streams and audience development across all platforms. The News Media Alliance is dedicated to working with our members, as well as other partner organizations, to advance the industry through advocacy, critical research and resources and events that connect and inspire.

Australian Associated Press

AAP is the media company that businesses turn to for news, information and publishing solutions. With breaking news firmly at our core, our vast range of products and services help clients connect with and engage their audiences. AAP is your integrated, simple solution.

Australian Press Council

The Australian Press Council was established in 1976 and is responsible for promoting good standards of media practice, community access to information of public interest, and freedom of expression through the media. The Press Council is also the principal body with responsibility for responding to complaints about Australian newspapers, magazines and associated digital outlets.

Pakistan Broadcasters Association (PBA)

Pakistan Broadcasters Association (PBA) has come in place to offer optimum advantage to all stakeholders of the media industry – Broadcast Houses, Ad Agencies, and Advertiser alike! Even though all the issues the industry is faced with are not common, all feel the impact in one way or other. Within the rules and regulations that the Association has put together to meet its various aims, one chapter is particularly relevant to conducting business with Advertising Agencies and Media Buying Houses.

Pakistan Journalist Association
